

The Heritage Garden is being revived!

A huge thank you to the Alumni members who responded to our request to come in and carry out work on the heritage garden. This is a National Heritage site and when restored to its former idyllic condition will be a perfect spot for pupils, staff and alumni to enjoy. A work force of a dozen Alumni spent one balmy summer evening getting the gardens ready for spring re-planting. Even now in February the transformation is marked and with a further date for more work scheduled for **2nd April 2020** the site should look great for a future planned Alumni get together in the coming months.

If you wish to join in to help us with the continued restoration of the Heritage Garden please respond to the email you will receive in the near future. All those with garden tools and who want to have fun whilst reconnecting are most welcome!

If you are a former student or know of any who'd like to stay in touch and give back to their old school, ask them to sign up at:

<https://networks.futurefirst.org.uk/former-student/wess>

Thanks
