What is Class Charts for parents?

You will be able to use Class Charts to keep track of your child's rewards and sanctions. If you have more than one child, you can access Class Charts information about your children from a single, centralised parent account. Class Charts for parents can be accessed via their website, or through their IOS and Android Apps

You should have received a **Parent code** from your school, which will look similar to the example code shown on the right.

This code is used to set up your **Class Charts parent account**, which is covered on the next page.

Switching between pupils

If multiple children have been set up on your Class Charts parent account, you are able to switch between them and view child specific data at any time.

To switch between pupils on the desktop view, click on their **name** in the left hand side menu.

Their individual pupil dashboard will open on the first entry in the list. You can then switch between tab categories by clicking on the available icons in the list.

You can check to see which pupil is currently selected by looking for the **orange tab** highlighting their name in the left hand side menu.
