

Essex Careers Magazine

We are really pleased to announce the third Essex Careers Magazine is now live on the [Essex Opportunities Portal](#). You will also be able to access Editions one and two by accessing through the link above, or by following this link:

<https://online.flippingbook.com/view/950136485/>

The latest edition focusses on opportunities and routes into engineering and advanced manufacturing. It also dives into opportunities in mid-Essex and explores T Levels, green skills, digital careers and more.

Finally, we welcome honest feedback on the magazine. Readers can leave this anonymously via our [quick online survey](#). Findings are invaluable in helping to shape future editions and providing the content that learners, job seekers and employers want to see.
